Company Profile

Here a few info about the Swiss Gotham Audio Organisation:

Gotham Swiss Audio organisation, history and background of 68+ years in the industry:

Gotham AG Switzerland was founded **1983** in Switzerland as a subsidiary/joint venture with **Gotham Audio Corporation NY USA (established in June 1958)**. Gotham AG was first meant to act as European headquarter for the USA Gotham Export organisation, mainly acting as sales and marketing office in Europe for Gotham Export products like **Lexicon, Urei, Switchcraft** and many more **pro audio products**. In Summer 1985, Franz Ammann and his wife Manuela grew independent from the US operation by management buy-out and started to develop the Swiss domestic business as distributor for Pro Audio products, Broadcast- MI- and Hi-Fi Products. The rights for the Gotham Audio brand and **Gotham Audio Cables**, manufactured in Europe, were transferred from the US operation to Gotham AG office as well (1985). Gotham USA ceased activities in early 90ies and since then Gotham Audio is globally run, out of the Switzerland global headquarters.

Current Swiss domestic activities of Gotham AG Dietikon: We handle most of the listed trademarks as exclusive distributors with all obligations (stock, service, support) and all rights (exclusivity).

As of January 2027, Gotham Swiss domestic organisation represents following manufacturers and brands:

Angry Audio (US)	AXIWI intercom (NL)	Ehrlund Microphones (SE)
Ehrlund Pickups (SE)	Gotham Cables (CH)	Gotham Cable leads (CH)
Gotham Connectors (CN)	Gotham Microphones (TW)	Lexicon (US)
Pliant Intercom (US)	Sonifex (UK)	Studiohub+ (US)

We are also offering in house made cable assemblies made à la carte using our own wire and distributed connectors. Many Hi-End enthusiasts like our **Swiss made assembled cable put together in our own lab in Dietikon**.

Consult our web page for additional information about our domestic activities: www.gotham.swiss

Gotham Cables manufacturer: We manage the worldwide sales and marketing of Gotham Audio Cables also from Dietikon HQ offices. **Gotham Cables** runs a worldwide distributor network for the exclusive sales of Gotham Cables. We are shipping cable products from the logistics centres in Germany, Austin Texas (USA), Hongkong and Switzerland. Gotham AG is also filed with a Germany / EU-VAT number and set-up for inner EC cable sales/supplies. **Gotham Cables** are manufactured in the same respected production plant in **Istanbul Turkey** for 25+ consecutive years and cable production quality is fully controlled by the Gotham Organisation. Visit www.gothamcable.com for full cable information.

Gotham Microphones: As a former sales partner/distributor for DPA-microphones, we used this competence to create a compatible headset microphone range for global sales at attractive prices. In the DPA-years (for 20+ years) we became experts about professional headset microphones and initiated a nice product made exclusively for us by our manufacturing partners located in Taiwan.
